NOTE: the key # number of the cemetery is shown in brackets ( ) in front of the plot in the burial listings in this publication.

MAYERTHORPE CEMETERY

This well kept cemetery may be found about 1 km past the town of Mayerthorpe on highway 43. The cemetery is divided into several sections with a cairn situated at the north end of the hill with a spacial spot for cremains at the foot of the cairn.

A "field of honour" for our war heros is located near the centre, close to the west fence. Records were kindly provided by the town office. The grave markers are mostly in very good condition with a few having been vandalized.

This cemetery appears to have stared about 1928, as seven burials took place that first year, with Joseph Marie CLOOTEN and Theophiel CORNELIS interred in February 1928.

The 918 names of this cemetery were recorded and compiled by AGS, Edmonton Branch member, Noel Nicolson in 1993.

GREEN COURT CEMETERY

This cemetery is now made up of the two original cemeteries, the Protestant (Public) on NE-10-58-09-W5, and the St Mark's Catholic on NW-10-58-09-W5. The fence that separated them has been pulled down and the interred are resting peacefully. In the plot numbering of this publication they will be referred to as East = (E) - the Protestant area and West = (W) - the Catholic area.

Although the original cemetery documents were destroyed several years ago, the present caretaker, Anton Gowach, provided a list of names and an excellent layout map of the cemetery.

The grounds are still well kept and although some of the stones are missing or in poor condition , we were able to document most of it.

The earliest burial recorded in this cemetery is Julius Henry KRAUSE in 1914. Dates for six of the burials in this cemetery are not known.

The 113 names were recorded and compiled by AGS, Edmonton Branch member, Noel Nicolson in August 1993.
